## Where We Came From:

Founded by Irish immigrants, Wilson Farm has been in operation at its present location since 1884. James Alexander Wilson, W.M. Wilson, and brother in-law George Reynolds came to Lexington from Enniskillen, Ireland.

Don and Alan Wilson, aided by their wives, Betty and Lynne, built our first farm stand in 1952. The stand was replaced with a larger, all-weather building in 1965, and a decade later it was modified again to include heat and electric cash registers. In 1996 our main store, The Barn, was introduced to the community. In 2012, a new addition was built onto the existing barn to house the farm's growing cut flower department and make room for more of the farm's fresh, locally grown produce.

Today the farm is run by Scott Wilson & Jim Wilson, and has expanded from 16 acres to 33 acres in Lexington, Massachusetts; and to an additional 600 acres in Litchfield, New Hampshire.

## Our Cut Flower Department

We use only exceptional quality flowers, many of which are grown here on the farm. Our talented floral designers can create a breathtaking seasonal arrangement that will be the talk of any event, party or family gathering. Simply tell us the scale of the arrangement and the nature of the event and we will wow you. We also create gorgeous bouquets, corsages, and boutonnieres.
